

SV63

Class 3/Level 2
ANSI/ISEA 107-2004

Class 3 safety vests are designed to protect the worker with maximum visibility. These vests are designed with the most Hi-Viz material coverage and reflective stripes for workers exposed to complex work environments. Class 3 vests are required in environments with high-speed traffic, high-risk environments and where the worker must be visible through a full range of motions at a minimum of 1280 feet (390 meters).

Surveyor Class 3 - Two Tone

Short sleeved Surveyor Class 3. Perfect to be worn in daytime conditions. Contrast trim combinations make workers much more noticeable in low light and broad daylight. Very functional pocket configuration so you can carry the tools you need to do your job.
