At Radians Outdoors™, we're dedicated to manufacturing high-performance safety gear that protects the eyes and ears of hunters, shooters, and outdoor enthusiasts. We understand that safeguarding their vision and hearing is essential for their protection, confidence, and long-term enjoyment of their sport, whether in the woods, on the range, or in the wild.

With over 25 years of experience, we're committed to quality, innovation, and customer satisfaction. Through operational excellence, rigorous quality assurance, and unwavering dedication, our safety gear meets or exceeds regulatory standards and the tough demands of outdoor adventurers.

To help drive retail sales, we offer a diverse product mix, competitive pricing, reliable shipping, eye-catching point-of-sale displays, and marketing support.

We invite you to explore our latest offerings in this catalog, hoping it will become a trusted tool and informational resource for your team.

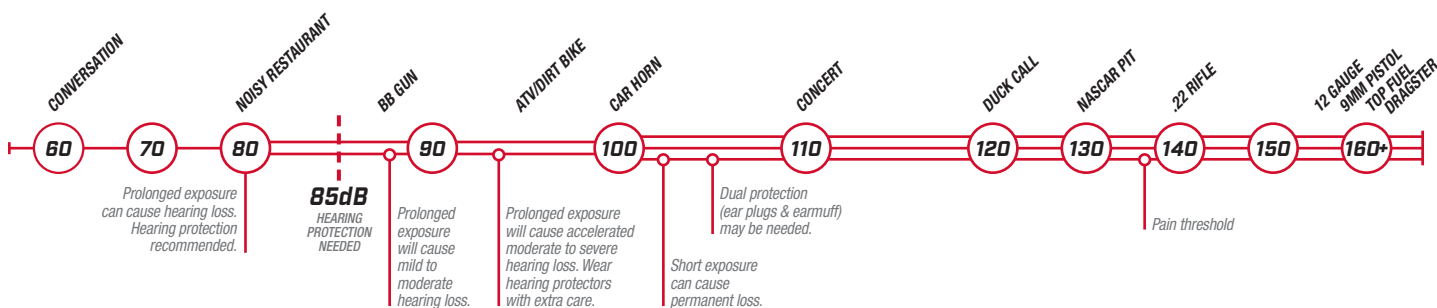

TESTING & STANDARDS

Imagine a world in silence, a lifetime of laughter reduced to a ringing in your ears. Imagine a world in darkness, where your child's face is just a memory. This is the reality for many Americans who suffered eye and ear injuries.

Eye injuries have led to blindness for 1.5 million Americans. Another 24 million have suffered significant vision loss, according to the National Institutes of Health. Don't let your love of shooting blind you to the risks.

Hearing loss isn't always a slow fade—it can happen in an instant. The noise from a single gunshot can cause permanent damage. According to Dr. William Clark, Ph.D. senior research scientist in charge of the noise laboratory at the Central Institute for the Deaf in St. Louis, the damage caused by one shot from a .357 magnum pistol can expose a shooter to 165dB for 2msec, which is the equivalent to over 40 hours in a noisy workplace.

To see common sounds and their dB rating, check out this noise level chart:

No shot is worth your sight. No thrill is worth a lifetime of silence. The choice is simple: protect your eyes, protect your ears, and always use proper safety equipment. Make every shot count—safely.

MADE IN THE USA

American consumers are growing more aware of "Made in USA" labels and the positive impact they have on our economy. This initiative increases employment in the US, improves speed of replenishment and provides users with the option to 'Buy American' when choosing personal protection products. Our Made in USA line includes foam ear plugs, high visibility and reflective apparel, protective eyewear, and lens cleaning accessories.

QUALITY ASSURANCE

The International Organization for Standardization (ISO) 9001:2015 specifies requirements for a quality management system where an organization needs to demonstrate its ability to consistently provide product that meets customer and applicable statutory and regulatory requirements. Our ISO 9001:2015 certification reinforces the Radians® commitment to quality assurance and to consistently manufacture and distribute quality personal safety products.

Quality Management System certified compliant by Intertek

WOMEN'S SAFETY GEAR

Women are the fastest-growing segment of gun owners in the United States. While they enjoy both sport and leisure shooting, many are simply looking at gun ownership as a means of extra security and protection. Women's increased enrollment in gun-safety courses and range memberships combined with the mercurial growth of gun permits for women has accelerated the need for stylish women's PPE that fits properly while providing maximum comfort and protection.

PREMIUM EYE PROTECTION

CROSSFIRE® MEETS THE DEMAND FOR STYLE & TECHNOLOGY.

All eyewear features scratch resistant hard coat polycarbonate lenses, 99.9% UV protection from harmful sun exposure and exceeds the industry standards for impact and shatter resistance set forth by ANSI.

Crossfire products are tested to the same ANSI/ISEA Z87.1:2020 standards for impact and shatter resistance as other Radians® safety glasses but in designs that reflect the most current styles, materials, and colors.

Many Crossfire styles are available in amber, clear, and smoke lenses, making them perfect for shooting at the range, hunting wild game, working in the workshop or riding ATVs. Regardless the adventure, Crossfire provides superior comfort, fit, and protection.

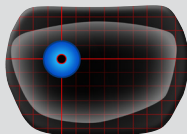

ENHANCED OPTICAL CLARITY

The optically correct portion of the lens blank is pinpointed and marked at the focal point.

DE-CENTERED CUT LENS

The de-centered lens is cut to match the focal point with actual line of sight, ensuring optical clarity.

HD LENS TECHNOLOGY

Crossfire's High Definition (HD) Lens Technology provides enhanced vision by filtering the most damaging blue rays and allowing for less glare and better visual acuity.

HI-VIS SAFETY WEAR

Stay visible and protected with Radians hi-vis apparel. Type P vests provide protection for emergency responders, law enforcement, and workers in high-risk environments.

Designed to maximize daytime and nighttime visibility, Radians safety wear is crucial in areas with moving traffic, heavy equipment, and other hazards. For professionals in roadway construction, municipalities, police, fire, EMS, and more, you can ensure you're seen, reducing the risk of injuries and fatalities.

For our complete line of safety, please visit www.radians.com.

COOLING GEAR

ARCTIC RADWEAR by RADIAN'S

If your work or hobbies involve the outdoors and unpleasant or even dangerously warm conditions, consider the comfort and protection of Arctic Radwear cooling products from Radians.

Arctic Radwear products accelerate the evaporative cooling process and provide welcome, and in some cases, essential relief from the heat. Safe and reusable, just soak the product in water then wear for several hours of cooling relief.

RCS50

RCS51

COOLING WRAP

- Safe and reusable
- Moisture management
- Cools body temperature

DUCKS UNLIMITED

LEADER IN WETLANDS
CONSERVATION

Radians Outdoors & Ducks Unlimited Announce Partnership

Radians Outdoors is proud to announce an exciting new licensing partnership with Ducks Unlimited, the Leader in Wetlands Conservation.

Ducks Unlimited conserves, restores, and manages wetlands and associated habitats for North America's waterfowl. These habitats also benefit other wildlife and people.

This collaboration combines Radians Outdoors' trusted expertise in protective hunting and shooting gear with Ducks Unlimited's commitment to conserving North America's wetlands. Together, we are introducing a line of high-performance vision and hearing protection branded with the iconic Ducks Unlimited logo.

Specifically designed for hunting and outdoor activities, the new Ducks Unlimited line delivers superior safety while supporting vital conservation efforts that contribute to a lasting legacy of environmental stewardship.
